

A Monster Description

I am a red monster. My one giant white eye sits in the middle of my very round body. In the centre of my eye, the black pupil is staring at you like a hawk. Right under my eye, is a crooked smile that shows off my three white teeth. I have two little orange hands that are on the side of my body. On top of my head is one yellow mushroom horn. I am standing on my feet which are like duck's flippers. They are orange too. Behind me it is as green as grass.

Can you draw what you think I look like?
